Work Experience

BB Computing

Position: Owner / Manager
Date: 2024 - current
My duties entail Strategic planning and Leadership, Network and Systems Management, Technical Support and Troubleshooting, Vendor and Contract Management, Project Management, Policy Development and Implementation, Data Management and Analysis, Innovation and Continuous Improvement.

NamPharm (Pty) Ltd

Position: Network & Server Administrator
Date: 2010 – 2023
At NamPharm my position entails making sure all hardware is functioning properly, which includes Administering the Firewall, Network (WAN & LAN), Servers (Windows, Linux, and VMWare), Anti-Virus server, Pastel Server, VIP Server, CCTV, Desktop, Printers, POS, and Scanners etc. I have installed Routers, Switches, Load balancer and done network cabling throughout my career systems.

Windhoek Country Club Resort & Casino

Position: Surveillance Shift Manager
Date: 2004 – 2010
In this role, I acted as a team leader during my shifts, overseeing not only my department but also the entire operations. My responsibilities included supervising staff and ensuring compliance with departmental policies and procedures by monitoring all departments using CCTV systems. At WCCR, the surveillance, security, compliance, and health and safety departments were combined, providing me with experience in all these fields.

ABB

Position: Training Electrician
Date: 2003 - 2004
Installing electrical equipment and cabling.
